- OS: Linux

LANGUAGES

- Khmer (Mother Tongue)
- English (Intermediate)
- French (Basic)
- Chinese (Basic)

SOFT SKILLS

- Crisis Management
- Problem Solving
- Adaptability
- Time Management

PROFILE

I am a fifth-year Computer Science student at the Institute of Technology of Cambodia (ITC). I build full-stack web applications with Vue, Supabase and Spring Boot, and recently completed a three-month internship at J&JP Global. Energetic and self-motivated, I'm eager to grow professionally in web development and I'm also open to opportunities in Network and Cyber Security.

EXPERIENCE

Intern | J&JP Global Co. Ltd

Jul 2026 - Sep 2026

Special Recognition: **Lead for General Management**

- Took care of the team's extra needs and requests, often stepping away from my desk to help others.
- Took on a leader role in general management, keeping the office organised, tidy and clean.
- Volunteered for tasks outside my own responsibilities whenever the team needed support.

PROJECTS

FarmLink

2025 - Jun 2026

Direct Farmer-to-Consumer Marketplace · ffarmllink.vercel.app

A free online marketplace that helps farmers reach more buyers, so consumers can buy fresh produce at fair prices and support Cambodian agriculture. Built with **Vue** and **Supabase**.

LocalCam

2025

E-commerce Website for Cambodian Products

An online store dedicated to selling only Cambodian products. Built with **Vue** and **TypeScript**, with business logic written in **PL/pgSQL**.

Library Management System

2025

Digital Library

A web app for librarians to manage book borrowing and reading history, where students can check which books are available and receive reminders. Designed in **Figma** and built with **Java** and **Spring Boot**.

EDUCATION

Engineering in Computer Science

2023 - Present

Institute of Technology of Cambodia (ITC)
